

1629.39

We surely had a good
time the day we were
out to your home. When
we came back, we
walked six in a row
down Fallbrook St.
as far as the Italian
Church. We paid a visit
to the round house
and my, but the
men who were working
were surprised to see
six girls looking at them.

When I got home
supper was all
ready.
